September 2, 2020

Dear Cardinal Community,

Let me begin by thanking everyone for their continued support of Cornerstone throughout this challenging year. **I would like to announce that Cornerstone will be resuming in-person instruction in our previous Plan B structure beginning Tuesday, September 8.** There will be no alterations to our previously announced schedule, which means that Tuesday will be an in-person day for the B-Cohort students.

The decision to return to Plan B was not one that was made lightly. The Board of Directors and school administration reviewed multiple pieces of information in determining this course of action. These included, but were not limited to, surveys of parents, surveys of staff, decisions of other schools and school districts, communication with the Guilford County Department of Health, as well as our experience with this particular instance. Decisions to move to Plan C in the future will be dependent on the circumstances surrounding the presence of COVID in our building.

We are fortunate to report that we have no evidence of any community spread within our building. We feel very comfortable with our safety and sanitation protocols that have been developed to protect students and staff, but we also recognize that COVID remains a reality. It is vitally important that you continue to encourage your student(s) to follow all the safety protocols when arriving on campus.

**If you or your student demonstrates any symptoms of COVID (fever, cough, shortness of breath, loss of taste or smell), please do not send your student to school. You should contact your doctor immediately, and we also request that you contact the school at 336-482-3855 so that we can determine any potential impact on other individuals.**

Finally, if you would like to have your child participate in the fully remote learning plan, please contact your child's school level administrator:

Sincerely,

Joe Caraher
