

CCA-CFA Rising Kindergarten Summer Reading Choices

Our approach to summer reading is designed to help inspire a love for reading. Reading aloud is one of the most important things parents and teachers can do with children. Reading aloud builds many important foundational skills, introduces vocabulary, provides a model of fluent, expressive reading, and helps children recognize what reading for pleasure is all about. We encourage you to read aloud to your child each and every day. Below you will find some titles that children love at this age, but please don't stop reading once you have read all of these.
