

RIGHT NOW

WE ARE #VERITASSTRONG

Covid-19 information and Veritas Resource Page

Valued Veritas Families and Charlotte Community,

As we navigate through these difficult and uncertain times together, we would like to share with you the guiding principles behind our current **Covid-19** action plan. **While physical on-campus learning has been suspended, please know** our staff, leadership, and teachers continue to work tirelessly to bring your sons and daughters the very best our campus can offer remotely.

We believe in the need to continue to nurture the **Mind, Body and Spirit** of our students for as long as it takes through this crisis. While we may not be able to provide our services to students and families face to face, please we are here for each and every family every day. While we are filled with uncertainty at the moment, **we ARE certain of the following:**

Right NOW your sons and daughters are at home and safe.

Right NOW our students are engaged and connected with their teachers and actively learning everyday via our digital classrooms - complete with Chromebooks, curriculum, teacher guidance, and activities... all designed to make the home learning experience exciting and impactful.

Right NOW our staff is accessible to every family to answer any questions and provide support to our students and families.

Please know that **RIGHT NOW** we are prepared to continue nurturing the Mind, Body and Spirit for our students for as long as necessary through these difficult times.

The accessibility of Information to parents and students is critical at this time, and we encourage you to stay connected by accessing these three methods of staying up to date with news, classroom activity and your teachers

- 1) our Facebook page
- 2) our website
- 3) messages in Google Classroom.

Parents, thank you all for your support and belief in our teachers, leadership and the systems we have implemented to keep the Veritas family together and stronger than ever. We look forward to seeing you all on campus very soon... until then, **stay tuned for updates and above all, Stay Safe.**

THANK YOU
