

At home plant study: Week 2

Have fun with this! Pick out a plant write about the plant of choice. Draw a picture of the plant of choice. Go around the house and find items the plant would produce for us. (Ex. My plant is wheat. Wheat helps us make bread, cakes, muffins, etc.)

Day 1: Pick your plant, write two sentences about your plant.

Day 2: Draw a picture of your plant (Be creative!!)

Day 3: Go around the house and find items that your plant would produce for us.

Day 4: Write about the items you found and write a few sentences regarding how you use those at home.

Day 5: Bonus, make a collage drawing of the items you found! Have fun!
