

Uniform and Dress Code Policy

Students at Carolina Charter Academy are required to comply with the attire policy every day unless a special event is planned by school leadership with specific attire directions. Noncompliance is an infraction of the CCA’s Code of Conduct. If necessary, parents/guardians will also be notified and required to bring their child correct attire.

In keeping with our school mission, the board and administration of the school believe attire should be modest, not offensive to others and not disruptive to the learning environment while on school property or at a CCA sponsored event or field trip. We believe it is important for all of our students to learn the importance of presenting themselves well and that they should begin learning those habits while at school.
