## HIGH STUDENT PERFORMANCE, CONTINUED

### READY

Effective with the 2012-13 school year, the North Carolina Department of Public Instruction changed the accountability model from the ABCs of Public Education to a new indicator-based reporting model called the READY Accountability Model. The State Board of Education identified indicators that would help educators, parents and the public understand the status and progress that schools are making toward ensuring that all students are college- and/or career-ready.

These new indicators include new state-administered North Carolina End-of-Grade (EOG) and North Carolina End-of-Course (EOC) assessments, college- and career-readiness examinations (The ACT and ACT WorkKeys), math course rigor, and high school graduation rates. In addition to these indicators, other valuable information is reported including school growth as measured by EVAAS, Annual Measurable Objectives, and participation in a graduation project.

To access the READY Accountability Model reporting please go to <http://www.ncpublicschools.org/accountability/reporting/>.

In any group where the percentage of students at a grade level is greater than 95% or less than 5%, the actual values are not displayed because of federal privacy regulations. In these cases the results are shown as >95% or <5% for the group.

### Annual Measurable Objectives (AMOs)

Per the Elementary and Secondary Education Act (ESEA), North Carolina set AMOs in reading and mathematics based on 2012-13 data.

Our school met 30 out of 30 performance targets.

## QUALITY TEACHERS

	Total Number of Classroom Teachers*	Fully Licensed Teachers**	Classes Taught by Highly Qualified Teachers
<b>Our School</b>	75	79%	94%
<b>State</b>	36	86%	91%

\*The total number of teachers in this school and the average number of teachers in schools with similar grade ranges at the district and state level.

\*\* According to the charter school statute, a charter school is required to have a minimum of 50% of its teachers licensed.
